AFFIRMATIVE DEFENSES

AS AND FOR THE TOWN'S FIRST AFFIRMATIVE DEFENSE

26. The Town repeats and realleges its foregoing responses from Paragraphs 1-25 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

27. The purported water body identified by the Plaintiffs as "Shelia Pond" is, upon information and belief, a manmade stormwater retention basin and/or was a naturally created stormwater retention basin for the surrounding landscape and environment.

28. Upon information and belief, there is no formal name or recognition of the asserted water body as having been designated "Sheila Pond" under federal, State or local law.

29. Upon information and belief, the source of water for the asserted water body is stormwater run-off from the surrounding landscape and rain from weather events.

30. Upon information and belief, the asserted water body is not a water of any quality recognized by New York State law or the federal Clean Water Act (“CWA”), or their respective implementing regulations.

31. Upon information and belief, there are no streams, tributaries or water courses otherwise flowing to or from the asserted water body.

32. Upon information and belief, the asserted water body is an isolated stormwater basin that is not adjacent to any open body of water as contemplated by the CWA and otherwise is not adjacent to any body of water subject to the CWA.

33. The Town does not own, operate nor control any stormwater system that illegally or improperly discharges pollutants into the alleged water body, as is otherwise asserted by the Plaintiffs.

34. Upon information and belief, a private land owner owns lands attributable to the conditions and/or acts complained of by the Plaintiffs.

35. As such, there is no “discharge of a pollutant” that is attributable to the Town from any “point source” attributable to the Town under the CWA (33 U.S.C. § 1311, §1362).

AS AND FOR THE TOWN’S SECOND AFFIRMATIVE DEFENSE

36. The Town repeats and realleges its foregoing responses from Paragraphs 1-35 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

37. Upon information and belief the asserted pond does not constitute “waters of the United States” or “navigable waters” and is an isolated pond comprised of rain water and natural storm water runoff from the surrounding landscape and is therefore not subject to the CWA (33 U.S.C. § 1362).

AS AND FOR THE TOWN'S THIRD AFFIRMATIVE DEFENSE

38. The Town repeats and realleges its foregoing responses from Paragraphs 1-37 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

39. To the extent the Court determines that the alleged water body is a "navigable water" constituting part of the "waters of the United States" and that the Town is responsible for a "discharge of a pollutant" from a "point source", the Town has appropriate permits from the State of New York under its municipal separate storm sewer systems authorizations.

AS AND FOR THE TOWN'S FOURTH AFFIRMATIVE DEFENSE

40. The Town repeats and realleges its foregoing responses from Paragraphs 1-39 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

41. To the extent the Court determines that the alleged water body is a "navigable water" constituting part of the "waters of the United States" and that the Town is responsible for a "discharge of a pollutant" from a "point source", the purported storm water discharge is exempt from regulation under the regulations of the New York State Department of Environmental Conservation Part 750-1.5

AS AND FOR THE TOWN'S FIFTH AFFIRMATIVE DEFENSE

42. The Town repeats and realleges its foregoing responses from Paragraphs 1-41 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

43. The Plaintiffs' lack standing to bring this action and have not suffered any harm by the alleged actions asserted in its Amended Complaint. The Plaintiffs, upon information and

belief, also constitute dischargers of pollutants under 33 U.S.C. § 1311 without any permit under 33 U.S.C. § 1342, contributing to any alleged pollution of the asserted water body and therefore their own alleged harm.

AS AND FOR THE TOWN'S SIXTH AFFIRMATIVE DEFENSE

44. The Town repeats and realleges its foregoing responses from Paragraphs 1-43 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

45. The Plaintiffs have failed to demonstrate any water quality standard or condition for the asserted water body, and any alleged discharge of pollutants attributable to the Town has not had any adverse impact on the water quality of the asserted water body.

AS AND FOR THE TOWN'S SEVENTH AFFIRMATIVE DEFENSE

46. The Town repeats and realleges its foregoing responses from Paragraphs 1-45 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

47. The Town has not committed any violation and is otherwise not liable for any alleged violation under 33 U.S.C. § 1311 and 33 U.S.C. § 1342, or any related provisions of the CWA.

AS AND FOR THE TOWN'S EIGHTH AFFIRMATIVE DEFENSE

48. The Town repeats and realleges its foregoing responses from Paragraphs 1 through 47 in full herein, and otherwise denies any allegations from the Amended Complaint not specifically admitted or denied.

49. The Plaintiffs' claims are barred by the doctrine of laches.

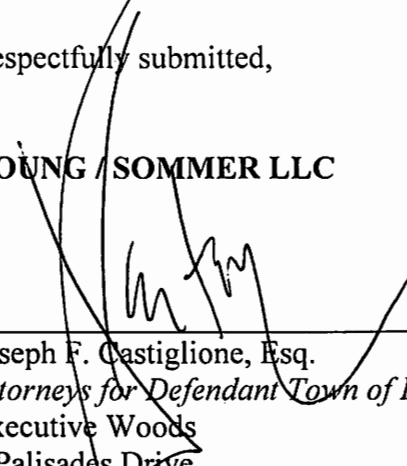

WHEREFORE, the Town respectfully requests that this Court award it judgment dismissing the Amended Complaint and provide the Town such other and further relief deemed just and proper, including costs, fees and equitable relief.

Respectfully submitted,
